From the Editor's Desk...

The festive season did bring some relief for the industry as the inventory at dealer's and OEMs have come down. However, the rest of the financial year 2019-20 does not look much encouraging. We at Secretariat are taking measures to address the issue of the forging industry to the government.

AIFI Secretariat is in its final preparation of its third edition of Members Directory which will be launched in the upcoming month.

Suppliers' Directory 2019 has been published and circulated to all the members through mail. We hope you would find this directory helpful and we would be glad to receive your feedbacks so that we may incorporate them in the next edition of Suppliers' Directory. In case you have not received the soft copy of the same, kindly reach out to us.

As you are already aware, AIFI has built a mobile application to provide a common platform for both members and non-members. The app, is available both in Android and iOS platforms via your mobiles, the app would offer you the opportunity to discuss any topic, share your views, read our publications, have access to the latest monthly data and reports and so forth. To get the access to the app you may get in touch with us at the secretariat. Keep visiting our website-www.indianforging.org- to know more about our events and activities.

*Happy Reading!!!
