From the Editor's Desk...

Global growth has hit unprecedented depths of despair amidst COVID-19 with substantial risks of even much severe damages in coming months. The financial year started with deep fall in all the categories of Automobile sector. Keeping in mind the current pandemic situation the rest of the financial year 2020-21 does not look much encouraging. We at Secretariat are taking measures to address the issue of the forging industry to the government.

To tackle with current socio-economic scenario, AIFI has donated sum of ten lakhs to Prime Minister Relief Fund & Chief Minister Relief Fund of Tamil Nadu. Sum of five lakhs to Chief Minister Relief Fund of Gujarat, Delhi, Telangana & Punjab each. For the state of Maharashtra 10,000 bottles of homeopathy medicine(CAMPHORA 1M) was distributed in most affected slums of Pune.

AIFI has conducted its first online training program from 4th June to 13th June on "technique methodology for improving practices and root cause analysis". We have received overwhelming participation from all locations, reaching count of 100 plus participants. The regional meeting has also been conducted in all three regions via online.

AIFI Secretariat is in its final preparation of its third edition of Members Directory which will be launched in the upcoming month.

As you are already aware, AIFI has built a mobile application to provide a common platform for both members and non-members. The app, is available both in Android and iOS platforms via your mobiles, the app would offer you the opportunity to discuss any topic, share your views, read our publications, have access to the latest monthly data and reports and so forth. To get the access to the app you may get in touch with us at the secretariat. Keep visiting our website-www.indianforging.org- to know more about our events and activities.

*Happy Reading!!!
