From the Editor's Desk...

The forging industry continues to witness problems related to steel prices and reduced production hour due to frequent lockdown problem. In addition to this the constant increase in petrol price has certainly lead to increase in price of automobile. The start of the new financial year has been full of hurdles and unanticipated situations.

AIFI has conducted online training program on "Steel Making for Forging" on 27th April 2021. We have received participation from all locations, reaching count of 50 plus participants. Another online training program on "testing of Forging "was conducted on 21st May 2021 with an overwhelming participation count of 80 plus. And lastly training programme on "Induction Billet Heater Preventive Maintenance "on 7th July with 80 plus participant.

AIFI has organised Vriksharopan Abhiyan (A Tree Plantation drive) for all of its members. Over 800 plus saplings were planted by AIFI Members in the following region Pune, Rajkot, Ludhiana, Aurangabad, Gurgaon.

As you are already aware, AIFI has built a mobile application to provide a common platform for both members and non-members. The app, is available both in Android and iOS platforms via your mobiles, the app would offer you the opportunity to discuss any topic, share your views, read our publications, have access to the latest monthly data and reports and so forth. To get the access to the app you may get in touch with us at the secretariat. Keep visiting our website-www.indianforging.org- to know more about our events and activities.

Happy Reading!!!
