# **FOCUS**

---

*ISSUE 4 - (FY 2021-22)*

# THE BEST QUALITY IS OUR UTMOST GOAL – since 1863

Our almost complete range of classic machine tools for the forming technology ranges from **hydraulic presses, die forging hammers, counter-blow hammers, screw presses, preforming units, forging and cross wedge rolls** to the **automation** of machines and plants, a focus of our today's programme. **Your needs. Our solutions.**

## Current fields of application:

- ▶ Automotive industry
- ▶ Railway technology
- ▶ Aerospace industry
- ▶ Shipbuilding industry
- ▶ Medical technology
- ▶ Household appliances
- ▶ Hand-tool production
- ▶ Machine building industry
- ▶ Agricultural machinery
- ▶ Renewable energy
- ▶ Power plants
- ▶ Fittings industry
- ▶ Offshore industry
- ▶ Mining industry

## *From the Editor's Desk...*

*The industry is still going through challenging times after the second wave and Due to various factors, such as semiconductor chip shortages, rising input costs, rising commodity prices, and rising fuel costs. Total automotive sales in India have declined in double digits in the last two fiscal years (FY20 and FY21).*

*AIFI has conducted an online training program on "Die Wear Prediction by Simulation Process" on 17th December 2021. Another online training program on "Risk Management in Forging Manufacturing" was conducted on the 8th, 9th & 10th of February 2022. We have received participation from all locations, reaching a count of 70 plus participants.*

*We have compiled a journal of all technical articles published in focus magazine since 2019 under the title "TECHNICAL JOURNAL - 2022" and the same was circulated to all members by email. Also, it can be accessed via the AIFI official website.*

*As you are already aware, AIFI has built a mobile application to provide a common platform for both members and non-members. The app is available both on Android and iOS platforms via your mobiles, the app would offer you the opportunity to discuss any topic, share your views, read our publications, have access to the latest monthly data and reports, and so forth. To get access to the app you may get in touch with us at the secretariat. Keep visiting our website-[www.indianforging.org](http://www.indianforging.org)- to know more about our events and activities. Happy Reading!!!*

*Happy Reading!!!*

## **Ordinary Member**

### **FORGIX PRIVATE LIMITED, LUDHIANA**

Forgix Private limited was established in the year 2020. They are mainly into forged, machined, heat treated components.

**Mr. Raghav Jain is the Managing Director of Forgix Private Limited, Ludhiana**

## **Associate Member**

### **PRADMAN ENGINEERING SERVICES PVT. LTD., MUMBAI**

Pradman Engineering Services Pvt. Ltd. was established in the year 1969. Pradman works with the OEM supplier as a local partner to provide complete project management, sourcing, and manufacturing of equipment and parts, as required. Equipment is manufactured to the standards and specifications of the OEM.

**Mr. Nikhil Bhatia is the Managing Director of Pradman Engineering Services Pvt. Ltd., Mumbai**

### **JERKO SPRÜHSYSTEME GMBH, GERMANY**

Jerko Sprühsysteme GmbH was founded in 1999 by the "inventor" of automatic spraying systems. Then the company was successfully taken over by the new owners in 2020. They help to identify the right spray system for the production process and provide end-to-end solutions for implementation.

**Mr. Niklas Dahmen is the Managing Director of Jerko Sprühsysteme GmbH, Germany**
