## *From the Editor's Desk...*

*It is time for the much-awaited event to be hosted by Association of Indian Forging Industry-7<sup>th</sup> ASIAFORGE Meeting 2019 India. The two-day conference-cum-exhibition is scheduled to be held during 18-20 January 2019 at Four Points by Sheraton, Mahabalipuram Resort and Convention Centre, Mahabalipuram followed by plant tours during 21-24 January 2019 for our foreign delegates. Till date, we have received massive responses from the stakeholders of the forging Industry, with confirmations from more than 75 sponsors/exhibitors across the globe. The conference would comprise 27 technical presentations on non-ferrous forging, advance forging, simulation, tool steel, forging accessories, automation and Industry 4.0 and so forth. And to top it all, the organizing committee has scheduled a Panel Discussion on 'Disruptive Innovations that shall impact on the Forging Industry' with speakers from Europe, North America and Asia.*

*So what are you waiting for? There are not many such platforms where you can interact with the doyens of the forging industry across Asia, discuss and share technical know-how and observe a wide array of products at the exhibition. And surely not for such a low cost! 7<sup>th</sup> ASIAFORGE Meeting 2019 India is a great opportunity to expose your personnel to knowledge and learning. Looking forward to greet you all at the conference venue.*

*Happy Reading!!!*
